*Boekencafé Restaurant Schrijvers is probably one of the most inspiring bars and restaurants in the city. In the fascinating decor with wall to wall books, we not only serves great food, but also offer first class wines and a wide range of coffees and digestives to conclude your dinner. Complete your night out at the authentic art-deco bar, with our large selection of beers and malt whiskies.*

*We offer a menu, which shows originality, quality and the use of fresh products. The variation in fish, meat and vegetarian food is internationally oriented. In combination with the ever-friendly staff and stylish interior, Boekencafé Restaurant Schrijvers is one of the top locations to invite your friends or business relations. You'll find us at the Dommelstraat in the inner city of Eindhoven. [www.boekencafe.nl](http://www.boekencafe.nl)*

*Eat Drink Design is an exclusive pop-up expo restaurant, an innovative platform for the creative industries. As a satellite of international cultural events, we create a temporary restaurant, furnish it with the work of designers and artists, curate an exhibition and invent a project between the creative industries and other economical sectors. Different each time.*

*Eat Drink Design is a concept of designers Annemoon Geurts, Koen Rijnbeek (designstudio Moon/en/co) and cook Edwin Severijn (Sot-l'y-laisse). Due to our personal passion and social involvement we want to contribute to the broadening of the creative culture. By presenting the creative industries, initiating impulses, offering an exceptional experience and valuable stories we want to inspire and stimulate, let people enjoy.
